By the breaking of tack, the following applies; collector detaches / quarter boots come loose / belly-string comes loose. With permission from the Ring Steward, a helper may enter the arena to attach the item which has come loose or to replace the broken tack. No adjustments may be made.

21. Contact (help from outside the ring) – Any help from outside of the ring and helpers who enter the ring without permission of the Course Official will lead to the disqualification of the concerned competitor.
22. Fall – Should a rider fall because of a collision, kicking, disturbance from outside of the ring or a slippery track, it will not be a disqualification. The officials may allow the competitor to continue. Should the rider fall because of the horse's bad behaviour or the rider's inability to control the horse, the competitor will be disqualified.
23. Quarter boots which come loose – a class can be asked for time out for the same rider to fasten/fix the quarter boots, after which the horse will have to be ridden without the quarter boots, or will have to fix the problem while the other competitors continue to be judged. The judge has to see every horse in every gait in both directions in order to judge them, so should a horse miss out on a gait it would be to the competitors' disadvantage.
24. Misuse of time out – the Judge or Ring Steward can disqualify the competitor should they misuse the time out. The Course Official can give the Judge information that will justify a disqualification or the Judge can make the decision his/herself.
25. Breakage e.g. Coach/Carriage or harness - 5 minutes.

Bad Luck – Should a horse lose a shoe, there is a fault with a false tail or a horse cannot continue because of a collision, may the competitor, with the permission of the Ring Steward participate in the line-up and qualify for the championship. 31. Blood – Any sign of blood can lead to disqualification. Should the blood be as a result of an accident, the horse must be excused. Where the blood is as a result of an accident and is only seen in the line-up, the horse must be excused and the competitor can stay in the arena to receive any possible prize.

It is the responsibility of all horse owners and riders to ensure that the best possible image is maintained. Spurs may be used by all riders, including ladies and children over 12. In Equitation, blunt spurs may be used. Obvious misuse of spurs will be judged negatively. Excessive use will lead to disqualification.
36. Ears – No wires or tying of ears is permitted. Inspection Point Official may inspect horses.
37. Ginger – Prohibited – disqualification.
38. Rising Trot – Riders must do rising trot when trotting. It must be a prominent movement for the judge to see. Continuous bumping on the horses back will lead to disqualification.

Should a competitor ignore the instruction to do a slowgait, the Judge, by indicating the Announcer, will again request a slowgait. Should the competitor still ignore the request and not change the horse's gait to slowgait, this will count against him/her in the judging.
41. Clarity of gaits – horses must carry out the gaits with clarity in both directions. An unwillingness to do this will lead to disqualification.
42. 5-Gaited walk – As only the first walk to the trot is judged, competitors may use the subsequent walks to better their position themselves in the ring or to collect the horse, but may not stand still for the time of the walk.
43. The bandaging of horses' legs and hooves is not allowed, unless the Show Committee decided to allow it during a show due to rain/wet conditions.
